

Behavior: Taana maarna / sarcasm with insecurity

- **Action abhi:**

"Haan meri baat kyu pasand aayegi, ab toh koi aur pasand aayegi na."

(Indirectly accuse + sarcasm → guilt create karna + apne insecurity dump karna)

- **Galti kya hai:**

Partner ko unfairly accuse karna, trust todna, aur healthy communication ki jagah blame aur taana use karna. Yeh doosre ke pyaar ko question karta hai, chahe usne galti na ki ho.

- **Sahi hona chahiye:**

Seedha express kare:

👉 "Mujhe insecure feel ho raha hai ki shayad tum mujhe pasand nahi karte utna."

👉 "Mujhe tumhari reassurance chahiye."

(Clear emotional needs without taana or drama)

1. Over-interpreting harmless actions

- ❌ *Woh karti hai:* "Tumne 5 minute der se reply kiya — kisi aur se baat kar rahe the na?"
- ✅ *Karna chahiye:* "Mujhe thoda insecure laga jab reply nahi aaya. Kya tum bata sakte ho kab free ho?"
- ❌ *Action now:* "You smiled at that girl, so you must like her more than me."
- ✅ *Healthy:* "I felt a little insecure when you smiled at her — can you reassure me?"

2. Silent treatment / Passive-aggressiveness

- ❌ *Woh karti hai:* Khamosh ho jaati hai, and pucho toh bolti hain "Nothing." kuch nahi hua.
- ✅ *Karna chahiye:* "Main upset hoon, kyunki kya hum please dhyaan rakh sakte hain"

3. Guilt-tripping (example: office time)

- ❌ *Woh karti hai:* "Agar tum mujhe sach mein pyaar karte to office mein itna time nahi lagate."
- ✅ *Karna chahiye:* "Main akeli mehsoos karti hoon jab tum zyada kaam karte ho. Kya hum weekly ek date fix kar sakte hain?"

4. Scorekeeping

- ❌ *Woh karti hai:* Har purani galti yaad rakhti aur naya argument jeetne ke liye nikaal leti hai.
- ✅ *Karna chahiye:* "Jab X hua mujhe bura laga — chalo is pe kaam karte hain taaki dobara na ho."

5. Withholding intimacy (affection as punishment)

- ✗ *Woh karti hai*: Gussa hone par pyaar/touch/hands-holding se doori bana leti hai.
- ✓ *Karna chahiye*: “Main upset hoon, phir bhi tumse pyaar karta/ti hoon. Chalo issue solve karte hain.”

6. Creating drama cycles

- ✗ *Woh karti hai*: Achhe time ke turant baad chhota fight start kar deti hai — relationship rollercoaster.
- ✓ *Karna chahiye*: “Acha waqt tha, par mujhe darr lagta hai ye kyun sustainable feel nahi hota — kya tum apni feelings bataoge?”

7. Self-victimizing withdrawal

- ✗ *Woh karti hai*: Jab feedback mile toh bolti hai “Main hi problem hoon, shayad tum better deserve karte ho — main nikal leti hoon.”
- ✓ *Karna chahiye*: “Feedback sun ke mushkil laga, par main improve karna chahti/chahta hoon. Kya tum help karoge bata ke main kya karun?”

8. Testing loyalty / purposely creating situations

- ✗ *Woh karti hai*: Ignore karke dekhna ki partner kitna chase karega (testing).
- ✓ *Karna chahiye*: Feelings ko test mat karo — seedha bolo “Mujhe insecure lag raha hai, please reassure karo.”

9. Clinginess / Over-dependence for self-worth

- ✗ *Woh karti hai*: Har chhoti khushi partner ki attention pe dependent kar deti hai.
- ✓ *Karna chahiye*: Hobbies aur self-goals develop karo; apni khushi ka source diversify karo.

11. Jealousy / control tendencies

- ✗ *Woh karti hai*: Male/female friends ko restrict karne ki koshish, baar-baar accusations.
- ✓ *Karna chahiye*: Boundaries discuss karo; trust build karne wale actions pe focus karo, na ki control pe.

Constant Doubting (Trust Issues)

- Action/Galti: Kitna bhi pyaar/time do, phir bhi doubt rehna.
- Correct: Apne insecurity ko samajhna aur partner pe trust build karna.
